

Recording your current pump, CGM and SmartGuard™ settings

If you need to record your pump settings, use this handy worksheet. Another way to have up to date settings recorded is to do an upload to CareLink™ Personal and then print or save an electronic copy of the Device Settings page.

If you need assistance, please call the Global Helpline at 1800 777 808 (they are available 24 hours a day and 7 days a week).
