

Giving you and your child **greater control** of their diabetes.^{1,2}

Guardian™ Connect
CONTINUOUS GLUCOSE MONITORING SYSTEM

Medtronic

WELCOME TO GREATER CONTROL OVER YOUR GLUCOSE LEVELS^{1,2}

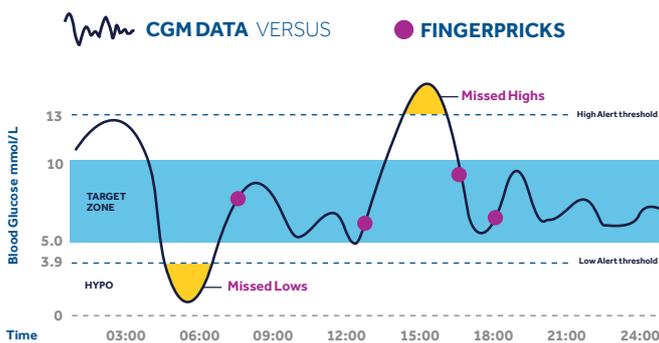

Today is your first step to taking **greater control** of your blood sugar levels and guarding your future health outcomes.

The Guardian™ Connect Continuous Glucose Monitoring (CGM) system takes glucose sensor readings **every 5 minutes** – that's **288 glucose readings a day** – and sends the data to the Guardian™ Connect app on your compatible mobile device.

So it's easier to see when your glucose levels are heading out of the target range and **make the adjustments** you need.*³

*A confirmatory SMBG test is required prior to taking action

Your Guardian™ Connect is **THE ONLY CGM** available with **1HR PREDICTIVE ALERTS** for impending blood sugar highs and lows

CURRENT glucose measure + **RATE** of change  = **PREDICTED** time to event

CUSTOMISED ALERTS

from **10 minutes** to up to **1 hour** ahead gives you time to respond.

FREE 24 HOUR SMS ALERTS

to up to **5 care partners** on any mobile device - no need to download an app.

WELCOME TO CARELINK®

CareLink® insightful software manages your child's data from the Guardian™ Connect CGM.

Automatic syncing shares your child's data with your chosen healthcare professional with easy-to-interpret trends and reports that gives you greater insight into their therapy.

You, your child or carers can follow along on any Internet connected device such as smart phones, tablets or computers.

NOW LET'S GET STARTED

Before your next
appointment:

1

Download the Guardian™ Connect app from the app store and **remember** to bring your iOS device to your **next appointment**

2

Create a CareLink® software account to manage your data at carelink.minimed.eu

3

Complete the enclosed NDSS form and bring it with you to your **next appointment**.

1

WHAT HAPPENS NEXT?

Your **healthcare professional** will sign and forward your completed form **to the NDSS**.

2

The NDSS will contact you when your Guardian™ Connect app starter pack **has arrived at your healthcare professional**.

You can then **make an appointment** with your healthcare professional to get started.

3

Then **at your appointment**, as you'll already have your Guardian™ Connect app and your CareLink® software account, **you'll be able to get started straight away**.

For information regarding your treatment, talk to your **healthcare professional**

For information on Guardian™ Connect our customer care representatives are always available to provide service, guidance and answers on our **24-hour Global Hotline on 1800 777 808**

or go to our website at www.medtronic-diabetes.com.au/guardian-connect
