Benefits of using CareLink[™] Personal

What is CareLink[™] Personal Software?

CareLink[™] Personal software is a Medtronic web based diabetes data management platform for patient/carer use at home. It takes all the data from your Medtronic diabetes insulin pumps, continuous glucose monitors and compatible blood glucose meters and stores it online for your use.

Why use CareLink[™] Personal Software?

- Abilty to track your personal progress and trends with CareLink[™] software reports
- Prepare for and speed up visits with your healthcare team
- Back up your settings
- Ability to share your data with your healthcare team without going to see them
- Connect with the MiniMed[™] Mobile app to upload and view your data via your compatible smart phone.
